

The Quality Policy of **Arthur Hudson Site Engineers Ltd** is to determine, agree & conform to our client's needs & expectations, whilst fulfilling the requirements of ISO 9001:2015 and statutory law. All products and services provided by Arthur Hudson Site Engineers will be undertaken to current revisions of applicable British Standards, industry codes of practice and to customer specific requirements.

Arthur Hudson Site Engineers recognises that to be competitive & maintain good economic performance in the construction industry, we must employ management systems that continually improve the quality of our products and service, that in turn increases the satisfaction of our clients, employees, shareholders, suppliers & society at large.

The key objectives of Arthur Hudson Site Engineers are that our management systems, products and services provide: -

- Confidence that our client's requirements for quality, safety and conformance are being achieved.
- Confidence in our management & staff and that the requirements for quality are being fulfilled & maintained, & that quality improvements take place.
- A framework for establishing and reviewing quality objectives.

We are conscious that the motivation of our employees is dependent on their training and understanding of the tasks they are expected to perform. It is part of our on-going training programme that this policy is communicated and understood at appropriate levels within Arthur Hudson Site Engineers and interested parties.

Quality of workmanship is the responsibility of all employees of the company.
